

YOU'RE INVITED TO...
The 6th Annual
Maintenance Conference

COST EFFECTIVE MAINTENANCE

September 24, 2009

7:00 am to 4:00 pm

CCWA – Chester

John Tyler Community College - Nicholas Center
13101 Jefferson Davis Highway, Chester, VA 23831
(Breakfast and Lunch will be served)

Sponsored by
Central Virginia Industrial Maintenance Network
SKF
Centrex

**Excelling in today's manufacturing environment
cost effectively is mandatory.**

Learn about **Wyeth's journey with VOSHA's
Voluntary Protection Program**
to having the best safety record within the company
while increasing employees' accountability, safety culture and productivity.

Ron Heiskell, founder of Reduced Effort Services, Inc. is a
lean manufacturing consultant specializing in quick changeovers. Learn methods
to reduce time for changeover by 30% guaranteed with minimal cost by engaging
your workers to develop solutions.

SKF will focus on bearing and lubrication strategies that
have positive environmental and energy impacts.

We'll challenge your operation to think green, safe and be cost efficient!

Event is **FREE**, but registration is required. **RSVP by September 18, 2009**
with your name, title, email and company name at
706-5193 or sbernardo@ccwa.vccs.edu.
